Introduction

^^^^^^

This Fee Schedule is issued pursuant to city code section 1-3. In general, it is intended to include fees, charges, rates, taxes, etc. charged by the City of Durham when a dollar amount has been specified pursuant to City Council action. The Fee Schedule includes minimum and maximum charges where those have been set.

In many instances, it will be necessary to refer to city code provisions in order to determine when a fee, charge, rate, tax, etc is to be imposed. The Fee Schedule generally includes a citation to the applicable city code provisions.

Section A. The Fee Schedule is intended to include

- i. tax rates (except as noted in section B of this Introduction);
- ii. utility and other public enterprise rates;
- iii. limits on fares, rates, and charges that may be charged by passenger vehicles for hire;
- iv. filing fees for candidates to municipal office; and
- v. other fees, charges, rates, taxes, etc. to be charged or imposed by the City.

Section B. The Fee Schedule does not include

- i. assessments under sections 77 81 of the charter or G. S. 160A-216 et seq., other than interest on assessments;
- ii. ad valorem property taxes;
- iii. most privilege license taxes (also called business license taxes); however, the Fee Schedule generally includes privilege license taxes adopted pursuant to division 7 (Privilege License Taxes Not Related to or Restricted by State Law) of chapter 30 of the city code; also, the Fee Schedule includes fees (as contrasted with taxes) adopted pursuant to article V (Privilege License Taxes) of the city code;
- iv. charges specifically named "civil penalty" or "civil penalties";
- v. charges for infractions or criminal violations, including misdemeanors; and
- vi. other charges not yet incorporated into the Fee Schedule. Only the City Council can repeal City fees, charges, rates, taxes, etc., so the fact that a fee, charge, rate, tax, etc., does not appear in the Fee Schedule does not necessarily mean that it is not in effect.

The historical and source references in the Fee Schedule are intended to help the reader find Council actions that addressed the fees, charges, etc., but any inaccuracies in the references will not affect the validity of any fees, charges, etc.

"PR" in historical and source references indicates the "Parent Request" number in Onbase Client, the City's agenda review computer program, where one can find relevant City Council agenda material.

As provided by city code sections 1-2 and 1-10, "City Manager" includes the City Manager's designee, and when a particular subordinate of the City Manager (such as a department head) is specified, designees are automatically included. Therefore, the Fee Schedule does not use the phrase "or designee" or similar references to designees of the City Manager or of other subordinates of the City Manager.

Without limiting the City's ability to collect fees and charges that may not appear in this Fee Schedule, be aware that some fees and charges collected by the Police Department with respect to towing do not yet appear in this Fee Schedule.

If an "Under Construction" notice appears, consult the appropriate City department.

The rates, charges, fees, fares, taxes, and limits set out in this Fee Schedule shall apply.

Chapter 1 – General Provisions

Part 1-101 (Interest applicable to certain delinquent debts)

- (a) Imposition of interest for delinquent debt. The City Council of the City of Durham has found that it is in the public interest to impose late payment charges on certain delinquent and past-due general billing accounts because such charges may help ensure that the accounts are paid on time. A rate of interest of 8% simple interest per year from the date of delinquency shall be imposed on debts in this Fee Schedule where the City Council's intention to impose this Part 1-101 is manifest. A provision stating substantially "The provisions of Part 1-101 (Interest applicable to certain delinquent debt) apply to [the indicated obligations]" shall be a non-exclusive and sufficient method to show that manifest intention. The date of delinquency shall be the date described by the ordinance, resolution, or other legal authority establishing when the debt is delinquent or past-due. If an ordinance, resolution, or other legal authority does not establish the date of delinquency, then the debt shall be delinquent 60 days after the debt is payable. For purposes of this Part, a debt includes charges, penalties and fees.
- (b) Grace period on debts that were delinquent before January 23, 2008. Subpart (a) applies to debts that become delinquent beginning January 23, 2008. Subpart (a) shall also apply to debts that were delinquent before January 23, 2008 but only to the extent they remain delinquent on February 22, 2008.
- (c) Security deposits. The City Manager may require security deposits of \$200.00 or more on any or all commercial credit accounts on which the City Council's intention to impose this Part 1-101 is manifest.

Chapter 3 - Primary implementing department: City Clerk

Part 3-101 (Filing fees for candidates to municipal office)

BACKGROUND. 1. North Carolina General Statute Section 163-294.2(e) requires that municipal governing boards fix the amount of the required filing fees in nonpartisan elections. 2. The amount of such filing fees may not be less than \$5.00 nor more than one percent of the annual salary of the office sought. 3. The annual salary of the Mayor of the City of Durham at the time of Council action setting filing fees was \$22,616.00. 4. The annual salary of each Council Member of the City of Durham at the time of Council action setting filing fees was \$19,212.00.

FINDING BY COUNCIL. It is the finding of the City Council that a filing fee of one percent of the annual salary of the office sought, as of the time of Council action setting filing fees, is a fair and reasonable filing fee.

Section 1. Pursuant to N.C.G.S. section 163-294.2(e) the filing fee for the office of Mayor is fixed at \$226.16.

Section 2. Pursuant to N.C.G.S. section 163-294.2(e) the filing fee for the office of Council Member is fixed at \$192.12.

Part 3-102 (Mailing or delivery of meeting notices)

The fee charged to persons other than the media, who request notice of meetings (other than meetings on a schedule of regular meetings), is \$10.00 per calendar year. No fee is charged for notices sent by email.

Note: This Part 3-102 was not placed in the fee schedule by the city council. It is included in the fee schedule only as a convenience. These fees are set by N.C.G.S. section 143-318.12(b)(2).

Section 2

(Applies with respect to submittals filed to meet submittal deadlines beginning July 1, 2011)

Administrative reductions of the fees in this Part for review of a submitted development application may be made in writing by the Planning Director when the Director determines that the time, effort, and processing by staff will be [so*] substantially reduced compared to what is required for a typical review that it would be inequitable to charge the standard fee for such review.

The fee charged shall be roughly proportionate to the cost of staff time and other required measures, as determined in the absolute discretion of the Planning Director.

Part 10-101 (Fees for Providing Copies of Public Records)

Section 1. For the purposes of this Part, the following definitions apply.

- (a) *Actual cost* is the sum of the direct, chargeable costs related to the copying, as determined by generally accepted accounting principles, but excluding costs that would have been incurred if a request to copy the record had not been made.
- (b) *Burdensome copying* is copying records in response to a request that requires extensive use of information technology resources, or extensive clerical or supervisory assistance by City personnel.
- (c) Reserved.
- (d) *Larger than standard size original* is an original page longer than 11 inches in one dimension or longer than 17 inches in the other dimension.
- (e) *Non-paper copying* is copying records using any format, such as CD-ROM, floppy diskette, or other data storage, that does not use a photocopy machine to produce copy images.
- (f) *Personnel Costs* are determined at an hourly rate equal to the employee's gross salary during the applicable fiscal year divided by the number of hours worked by that employee during that fiscal year.
- (g) *Standard size copy* is an 8.5 x 11, 8.5 x 14, or 11 x 17 inch copy made from an original page that is not longer than 11 inches in one dimension and not longer than 17 inches in the other dimension.

Section 2. All fees established by this Part shall apply to any person who requests copies of City records, other than persons acting on behalf of the City.

Section 3. (a) Except as provided otherwise, the following charges shall be made for copies:

Ink on copy	Size of paper of copy	Fee per page
	(inches)

The City Council finds that the amounts listed in this section are the actual costs. Copying will generally be made 2-sided when reasonably practicable. A 2-sided copy shall be charged as two pages.

- (b) If the copying is burdensome, Section 6 shall apply instead of this section.
- (c) In the future, if the City Manager finds that any actual cost has changed, he shall modify the fees provided for in this section accordingly.

Section 4. The City Manager is authorized to charge fees for copying larger than standard size originals. The fees shall be at the amounts that the City Manager finds to be the actual cost. If the copying is burdensome, Section 6 shall apply instead of this section.

Section 5. The fee for non-paper copying shall be the cost to the City of the medium onto which the copy is made. If the copying is burdensome, Section 6 shall apply instead of this section.

Section 6. The City Manager is authorized to charge fees for burdensome copying. The fee for burdensome copying shall be at the amounts that the City Manager finds to be equal to the actual cost of duplication, including the cost of equipment, materials, and personnel. The City Manager shall also charge a service charge on burdensome copying requests equal to the lesser of \$25.00 or 15% of the actual cost of duplication. The fees authorized in this section shall apply to burdensome copying instead of the fees authorized in Section 3, Section 4, or Section 5.

Section 7. In addition to all other applicable fees, there shall be a fee of 50 cents per certification by the City Clerk or an assistant City Clerk.

Section 8. The City Manager may waive any fees authorized by this Part when the fees that would be charged are too small to be worth processing. The City Manager may promulgate rules and procedures to carry out this section.

Part 13B-114 (Interest rate on construction for water and sewer service)

The interest rate on installment payments for the construction of water and sewer service done pursuant to Charter Section 82 is the lesser of (i) the Prime Interest Rate published in The Wall Street Journal on the fourth Friday of May of each year, rounded to the nearest basis point, plus 4.25%, or (ii) 9%. The new interest rate set according to this formula is effective for the next fiscal year.

Installment payments are subject to the interest rate in effect during the fiscal year that the City Manager receives the completed petition for time payments. The date of receipt of the petition is set under procedures established by the City Manager.

The interest rate as determined by the two preceding paragraphs does not apply with respect to completed petitions received July 1, 2010 through June 30, 2011, which instead are subject to an interest rate of 7.5%.

The interest rate set under this Part for a particular property will remain in effect for that property, regardless of changes in interest rates that may occur in later fiscal years.

If a court of competent jurisdiction determines that an interest rate set lower than 9% pursuant to this Part is invalid or unenforceable, the applicable interest rate shall be 9% for the entire period that the lower interest would have applied if it had been valid and enforceable.
